

COLBER  
*International*

# HISTORY

COLBER was founded in 1979 in Italy producing furniture for hospitality: hotels, cruiseships and restaurants supplying projects worldwide collaborating with taled and bespoken designers.

Working on large-scale projects, our de-dicated team of experienced professio-nals provide custom solutions based on the unique challenges and complexities of the project, and have the expertise to seamlessly execute any kind of furniture, from loose and fixed millwork or upholstered items.

We combine industrial production with craftsmanship focusing to support the clients before, during, after delivery. Our skilled craftsmen are always available to assist on site as well as during drydocks with assembling, refreshing upholsteries, touching up and repairing furniture and millwork.

We believe in "MADE IN ITALY"

Our culture offers an unmatched combination of Design, quality and value, creating unique products. We aim long terms collaboration with our clients to create unique and high-end projects finding the best solutions for your small and large-scale projects, customizing products to meet your requirements and needs.

Colber furniture pieces are designed to meet code requirements requested in hospitality market ensuring durability and longevity.

Our experience knows no geographical boundaries, as evidenced by our extensive list of International Clients.
